INTRODUCTION

New York City has been targeted by terrorists on several occasions, most notably the 1993 and 2001 attacks against the World Trade Center. Most recently, Quazi Mohammad Rezwani plan to bomb the Federal Reserve and, Raees Alaam Qazi and Sheheryar Alam Qazi plan to bomb New York City landmarks. Both attacks were prevented with arrests and terrorism charges. New York City has persevered and thrived in the face of these events, but we cannot let our guard down. The threat of terrorism remains. Working together, the public and private sectors are stronger than either is alone. This partnership is New York City's cornerstone defense against terrorism.

The NYPD SHIELD program is a force multiplier that significantly increases the effectiveness of the Department's counterterrorism efforts. SHIELD provides the private sector with information on emerging and evolving terrorist threats that may impact New York City.

NYPD SHIELD is the central destination for private sector security managers to obtain information and engage Police Department resources.

WHAT WE DO

NYPD SHIELD addresses private sector business on both an industry-specific and a geographic basis. This enables the Department to best serve the unique needs of each constituency. NYPD SHIELD provides training to assist public and private sector entities in defending against terrorism:

Information is researched and transmitted directly to our members by one of several methods:

- Intelligence and Analysis briefings
- Counterterrorism training
- NYPD SHIELD Website postings
- SHIELD Alert e-mail messages
- SHIELD Conferences

NYPD SHIELD keeps its partners informed of upcoming events, new intelligence and threat information developing in New York City as well as terrorism events world wide.

WHAT WE ASK

The NYPD SHIELD program is a two-way street. The key to success is for information to flow in two directions. Private sector personnel serve as the eyes and ears of the Department and are a force multiplier in the fight against terrorism by reporting suspicious behavior as soon as possible.

In addition, we recognize that our private sector partners are uniquely qualified to assist NYPD personnel during counterterrorism deployments. Your personnel know your buildings, blocks and neighborhoods from a different perspective. You know what belongs and what is out of place. We urge you and your staff to speak with the police officers you see on the street, particularly those assigned to posts in the vicinity of sensitive and critical locations. Sharing your perspective can help us be more effective. If you have information to pass to the NYPD, but cannot do so in person, please use our 24-hour hotline,

In an emergency, always call 911.
